Von Denise Hall : The Companion (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Companion (English Edition):

A good erotic read.Von Ein KundeAlthough not as good as A Brief Education, The Companion also is not as bad as another review posted here might indicate. Ann Rice has her place ... but so does Denise Hall. I find Ms. Hall's descriptions of punishment thorough, but not in the least bit boring or dismal. Because she takes care to describe the reactions of a disciplined woman to the blows she receives, Denise Hall may be more appreciated by the female reader. All in all, I

think that if you are interested in M/f spanking, you will enjoy this book.0 von 0 Kunden fanden die folgende Rezension hilfreich. WHACK... WHACK... WHACK... WHACK... if you like lots and lots of Von Ein Kundespankings then this is the book for you. I didn't realize so much of the entire book was dedicated to the blow by blow descriptions of so many spankings. I will give it high marks for at least having an entertaining plot but it lacked depth, realism and true character development. But then again do any of these books really ever do that. No wonder Ann Rice is so appreciated.0 von 0 Kunden fanden die folgende Rezension hilfreich. Spanking at its best Von R. Gangwish This was one of the HOTTEST books we've read in a long, long time. For anyone interested in Spanking and Painful Anonymous Submission, this is the book to read. I have passed this book on to no less than 3 women who enjoy this fetish, and all 3 have not been able to put the book down until the last sentence. A Crimson Moon Kind of Book!

Kurzbeschreibung Carla spends her days answering phones at the Sureware Customer Service Center, a sterile workplace she'd be only too happy to leave. One day, an anonymous admirer calls with an intriguing proposition. How would she like working for him--as his personal phone sex operator? He offers to pay royally for Carla's long-distance attentions, and the lovely young woman finally agrees to the arrangement. Only upon signing her contract does Carla realize that her employer expects their sessions to be as real as possible, even sending her a companion who will help her enact the scenarios upon which he'll be eavesdropping.
