KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. GroartigVon GrnspechtDie Autorin, leitende Staatsanwltin im Prozess gegen O. J. Simpson, wei, wovon sie schreibt, und das tut sie sehr berzeugend.Am Anfang stellt sie dem Leser zwei sympathische Teenager vor, die wenig spter in ein Massaker an ihrer High School im San Fernando Valley geraten. Es scheint zunchst so, als ob die Tter sich nach

dem Anschlag selbst gettet haben, doch dann stellt sich heraus, dass sie entkommen sind. Der Titel des Buches bezieht sich darauf, dass sie den Amoklauf an der Columbine High School nachahmen und bertreffen wollen. Das kndigen sie in Briefen an die ermittelnde Staatsanwltin Rachel Knight an. Fieberhaft arbeitet sie mit der Polizei, ihren Kollegen sowie zwei Psychologen daran, den Ttern auf die Spur zu kommen. Die Identitt des einen ist bald klar, doch wer ist der zweite - und wo verstecken sie sich?Clark verzichtet darauf, die Kapitel offen enden zu lassen, um so die Spannung knstlich zu erhhen (Cliffhanger). Ihre Bcher sind auch ohne diesen durchsichtigen Trick spannend. Und trotz des ernsten Themas schreibt Clark auch humorvoll, sodass man ab und zu schmunzeln muss.Das Buch ist uerst spannend bis zum berraschenden Schluss. Ich kann das nchste dieser Reihe kaum erwarten!

It seems that the real shooters are still out there... In the chaos that follows, Rachel and Bailey must scramble to identify the suspects and stop them before they can strike again.
