got all the Charlie-Chans I ever wanted on my Kindle. And without bothering of load them off for free and with faults...Here they are:1. The House Without A KeyThe novel deals with the murder of a former member of Boston society who has lived in Hawaii for a number of years.2. The Chinese ParrotConcerns a valuable string of pearls which is purchased by a wealthy and eccentric financier.3. Behind That CurtainIt is set almost exclusively in California (as opposed to Chan's native Hawaii), and tells the story of the former head of Scotland Yard, a detective who is pursuing the long-cold trail of a murderer.4. The Black CamelIt's about a Hollywood star , who is stopping in Hawaii after she finished shooting a film on location in Tahiti. She is murdered in the pavilion of her renter house in Waikiki during her stay.5. Charlie Chan Carries OnThe yet known Scotland Yard Detrective is pursuing a murderer on an around-the-world voyage; so far, there have been murders in London, France, Italy and Japan.While his ship is docked in Honolulu, the detective is shot - and Charlie Chan carries on!And 6. Keeper of the KeysAbout a murder that has taken place in California.I am very fond of the stories and buying them so cheap, too.I can only recommend this collections for all the fans of Charlie Chan!
