Good ReadVon FlutlichtMy rating is mostly focussing on the quality of the print, since the stories are good reads if you can deal with Orwell's depressing style (/attitude towards life).The price of this edition is quite good, BUT I am not completely satisfied with the binding.The back of the book has a lot of tension when opening it, my book looks quite damaged after opening the pages more than 120.Also when I touched the letters they were easily smearing.I have read a lot of heavy books, but this one is not really comfortable to read because of the binding. One cannot just open this book and place it on a table; it will close/change pages immediately.Edit: I bought this book in 2014 for EUR 25,95. The current price of EUR 35,99 I would not pay for this edition considering the above given reasons.0 von 0 Kunden fanden die folgende Rezension hilfreich. FALSCH InfoVon Reinhard GrossmannFALSCH-Information:die kindle-Ausgabe enthlt NUR die aufgefhrten Werke und eben NICHT, wie in der Beschreibung, das Gesamtwerk in 20 Bnden.Das ist alles andere als kundenfreundlich!!!7 von 8 Kunden fanden die folgende Rezension hilfreich. So much more than Nineteen-Eighty-Four and Animal Farm!Von Ein KundeI had to read this book for my Master's degree in English. I had read the two classics Nineteen-Eighty-Four and Animal Farm before, but I didn't know what to expect from the largely unknown rest of Orwell's novel works. Well, in a nutshell: they're impressive and mature pieces of literature. Keep the Aspidistra Flying is easily my favourite, although the rest of the bunch is a great read, too. Definitely worth picking up!
