**Von Cat Summerfield : The Concubine Prince - Book One (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Concubine Prince - Book One (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Well...nice as an intro!Von -KundeThe Concubine Prince is a well written...well, as I said: Intro. It starts as a great story with all this "historical" background on the whys and whos and hows of this war. There is tension built up and the conflicted character is introduced but then: zip! It goes down, right into the gutter and ends! If this was the Intro -

really, how can you sell this as "book one"- it could develop into a decadent, maybe even cute love story. Like it is, you only can call it an intro with a mean cliffhanger. Sorry, I'm not even tempted to buy the second book, expecting another few pages of the dissected book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. TL;DR I don't often recommend porn, but when I do it's really good. Von Dani N In Concubine Prince the protagonist -and with him the reader - finds himself amidst war and politics in a situation most would call a pinch, but for Kam it turns out to be a blessing in disguise. Through Kam's eyes we explore a strange new culture. He is taught most of what he needs to know in his new home - which centers heavily around pleasuring royalty. And did I mention it features multiple sex scenes with fresh ideas and really hot combinations and settings? It's delicious, I can't wait to read the rest of the series.

**Kurzbeschreibung** The countries of Ramia and Tarra have been at war for years, and Ramia is on the brink of defeat. When the Emperor of Tarra suggests a peace treaty, the Ramians have no choice but to agree to it - even if it means giving their beloved Prince Kam to the Tarrese Crown Prince as a concubine. Kam is a virgin and knows nothing of the ways of pleasure, but if he wants to ensure peace for his people, he had better learn quickly. This is part one of The Concubine Prince serial novel. It is a 5000 word M/M chapter with explicit content, and is strictly for over 18s.
