GoodVon jeanne adamekI enjoy this mystery series. I find that Kate Parker has a wonderful way of drawing up her

main characters, whom often have a quirky side to them. Although this seems to be the last book in this series it was still a fun story to read. I found that it was also quite easy to figure out who the murderer was--but this doesn't bother me. I sort of thought that the last page was stilted--somehow it just didn't quite fit...All in all 4.5 stars.
